THE DFW STORY

Welcome to mydfwjeep.com!

If you drive a pickup or SUV, chances are you have done business with us before. If you haven't, allow us to introduce ourselves; We are DFW Camper Corral, the TRUCK, SUV and JEEP ACCESSORY STORE!

DFW is one of the largest retailers of truck bed covers and automotive accessories in the entire United States! Since our humble beginnings in 1978, we have delivered over a quarter million truck bed covers, countless accessories and have grown into four stores in Arlington, Dallas, Mesquite and Forth Worth.

Our "GOLDEN RULE" attitude toward

customer service has been the major reason for our company's success! Company founders Ed and Christine Abbott belief of TREATING OTHERS AS YOU WOULD WANT TO BE TREATED has always guided and shaped DFW. They believe that by treating customers as family, that our customers in turn would recommend their own family, friends and neighbors to DFW. We must be doing something right, because over 80% of DFW business is from repeat and/or referral buyers. Christine's straight forward business philosophy is still practiced today, not only

with customers, but with employees and vendors too. DFW's family of fifty or so employees has over fifteen years with the company.

Our next trek is the Jeep Accessory business! For you, the Jeep driver, you now have a home town, locally owned, dedicated to quality and value, place to go for your Jeeping needs. Give us a try; you'll be very glad you did. Remember, "Friends don't let friends drive stock!"

Thanks for the business.

Our DFW Family

HOW TO BUY FROM DFW

DFW accepts cash, checks, American Express, Discover, Mastercard and Visa. We offer financing for qualified customers, as well as layaway. DFW Camper Corral also works with most automotive dealerships in the Metroplex, so ask to have your aftermarket purchases financed in with your new vehicle purchase.

STORE HOURS

DFW is open Monday-Friday: 9am – 6pm; Saturday: 9am – 4pm. We are closed on Sundays. Vehicle drop offs and delivery can usually be arranged before and after hours.

NO BULL DFW PRICE GUARANTEE

We refuse to be undersold! We will beat or match any competitor's legitimate installed price on any same product, period.

OUR CUSTOMER SATISFACTION PROMISE

At DFW, we promise to provide our customers with the best value and highest quality truck products and auto accessories available. We

use and test the same products that we sell on our own vehicles. "If a product is not good enough for our own vehicle, we certainly will not put it on yours." If you are not happy with your purchase from DFW, we will do anything within reason to make you glad you did business with us.

DON'T SHOP ANYWHERE ELSE

DFW has almost 2 million dollars of new and ready-to-install inventory in stock. Because of this, we can usually arrange for a much quicker delivery, rather than waiting two to three weeks for a factory order. At DFW, you do not have to risk buying something sight unseen from an unknown or online business.

COMMON SENSE DISCLAIMER

Our commitment is to provide the very best in quality aftermarket accessories and professional service to you, our customer. However, there are certain factors out of our control. Any time that an aftermarket product

is installed, the vehicle's painted, metal, and/or trim surfaces are going to be affected. Body part modification, drilled holes, clamp marks, rubbing, scuffing, abrasions and adhesive residue are all part of the process of installation and use of these products. DFW Camper Corral is not responsible for any alterations or damage related to the sale, installation or use of any aftermarket product. All product warranties are per manufacturer terms and conditions, and the customer is responsible for all owner required maintenance. Due to the many variations in paint color formulations, an exact paint match cannot be guaranteed but will be within established industry standards. DFW reserves the right to apply a 25% restocking fee to any return of custom ordered merchandise.

COMMENTS, COMPLIMENTS OR COMPLAINTS

We want to hear from YOU, our customer, about how we are doing – both good and bad. Log on to www.DFWCamper.com and click on the customer comment section to provide us with your feedback.

MY JEEP NEEDS

BRIEF HISTORY OF THE JEEP

1956

The first Jeep, dates back to the late nineteen thirties when the US Army looked at building a lightweight all terrain reconaissance vehicle to replace motorcycles and midifoed Ford model T's currently being used. With war already engulfing Europe, the army sought manufacturers to create a prototype vehicle in 50 days or less. In 1940 Wyllis Overland won the contract with a design taken from the American Bantam Car Company over Ford. With Wyllis production being limited, Ford also quickly entered into production. In fact, it is thought by many that the government designation of Ford built Jeeps "GP", is

where the name Jeep comes from.

The first civilian Jeep, or CJ2 was produced in 1945. CJ (3, 5, 6, 7 and 8) production continued until 1986.

The YJ, the first Jeep to be called Wrangler, was introduced in 1987, and featured square headlights. YJ's (700,000 of them) were produced until 1995.

The Wrangler TJ debuted in 1996 as a 1997 year model. The Rubicon model was introduced in 2003, and the Unlimited with extended wheel base debuted in 2004.

The newest generation of Jeep, the JK, was unveiled in 2007. For the first time Jeep offered a Wrangler with four doors and

1941

power window options. This new model had the widest and longest wheel base ever offered. These models have been honored as having one of the best resale values ever for an SUV.

Along the way, Jeeps became known for their rugged off road capabilities, and the independence and individualism of Jeep drivers. We all know you didn't buy that Jeep so that you could look like every other one on the road. It's yours, so you want to make it look like yours and no other.

You've got a great vehicle here, and although we at DFW did not make it, "we want to make it better!"

JEEP ETIQUETTE YOU MUST KNOW...

THE JEEP WAVE...

An honor bestowed upon those drivers with the superior intelligence, taste, class and discomfort tolerance to own the ultimate vehicle - the Jeep. Generally consists of vigorous side-to-side motion of one or both hands, but may be modified to suit circumstances and locally accepted etiquette. Examples of commonly accepted modifications:

- Top off: One handed wave above windshield or outside body tub
- Top off during blizzard: Shiver and nod, hands may remain frozen to steering wheel
- Southern/rural locations: Raise fingers from steering wheel, nod

IT'S NOT WHAT YOU BUY, IT'S WHAT YOU BUILD AND WHAT YOU DO WITH IT.

IN KEEPING WITH THIS CARDINAL RULE OF JEEPING, CATEGORIES HAVE BEEN ESTABLISHED TO ACCOUNT FOR EACH PART OF THE EQUATION.

These categories are:

- The Jeep Waving Hierarchy: Based on the vehicle itself. Takes into account the nostalgia factor, the discomfort tolerance quotient and the amount of owner dedication required to maintain the steed.
- The Modifying Sub-categories: Based on what you do with your Jeep.
- Equipment Adjustments: What you build.

“WHEN IN DOUBT, WHIP IT OUT!”

- All Jeeps are responsible for upholding the tradition of the Wave. It seems that generally the Jeep wave is only practiced by Jeep owners driving the following Jeep vehicles; CJ, YJ, TJ, JK.
- All Jeeps are required to return the Wave even if it's a Grand Cherokee or Compass.
- Do not EVER wave to Hummers, even if you know the person.

Jeep®

WARNING:

Owning, registering, insuring, or driving a Jeep implies knowledge of and intent to abide by the following rules, regulations and guidelines. Failure to obey the letter or spirit of the rules may result in your being ignored by other Jeep owners as you sit along the side of the road next to your stalled vehicle in a blizzard surrounded by Saturns, Yugos and Hyundais.

*Jeep® is a registered trademark of Chrysler L.L.C.

SIDE WINDER

Whether you need help to step in, step up or slide down, we have your Jeep fitted. Check out our huge assortment of items all on your side to add utility, convenience and or-just plain good looks.

ARIES 4" OVAL STEP

Custom Aries 4" Oval Nerf Bars make your truck or SUV look like it just rolled off the showroom floor. Designed to complement your vehicle's trim, Aries Oval Side Steps come in 2 sturdy finishes: smooth black powder-coated carbon steel and highly-polished 304 stainless steel.

ARIES 3" STEP BAR

The Aries Off-Road 3" Black Powdercoat Pro-Series Nerf Bar sets itself apart from the competition in both quality and innovation. These nerf bars are constructed from 3" diameter steel tubing and come in a textured black powdercoat.

AMP RESEARCH POWER STEP

Jeep Owners – No other running board, tube step or nerf bar can match the ease of entry of the AMP RESEARCH Power Step. Open the door and this full-length running board automatically deploys for easy stepping in and out of the cab. Close the doors and this sure-footed step platform retracts safely under the truck with no loss of ground clearance.

RAMPAGE SIDE BAR RETRACTABLE ROCKERGUARD STEP

Rampage's Side Bar application is designed for dual use as both an entry step and rocker panel side protection. Use as a side step for street use or release step lock to fold up to the rocker guard position for side protection and added off-road clearance. High pressure gas shocks pull and hold the bar in the upright, rocker guard position - Step pressure on the bar returns and locks the bar into the step bar position. Textured, black powder coated finish is durable and compliments factory components. Durable steel construction - 2" tube x .120" wall.

RAMPAGE SLIMLINE 2" SIDE BAR WITH RECESSED STEP

Step into Value with the Rampage solution to an affordable access step for stock or lifted Trucks and Jeeps. Introducing Slimline, the 'New Look', Stirrup Style, Side Bar that features a Heavy Duty 2" Tube bar with formed dropdown Steps and a durable Textured Black powder coat finish. Each Side Bar is vehicle specific in the design location of the step recess and non-skid step pad position to insure ease of accessibility. Steel, powder coated, mounting brackets are welded to match factory installation points and eliminate flexing with the added convenience of quick and easy one piece installation (per side).

N-FAB NERF-STEPS

For 07-14 Jeep® Wrangler Unlimited JK 4 Door. Innovative and patented hoop step system works with or without a body lift. Built from .084 wall 3" tubing with a weight rating of 465lbs. Available in 2 and 4 step models. Black only.

RAMPAGE PRODUCTS QUICK RELEASE MIRRORS

Tired of messing with mirrors when you take off your doors to hit the beach or trail? Stay safe and legal with these quick release mirrors and relocation brackets from Rampage. The relocation bracket attaches in minutes to existing holes in the windshield frame without drilling! Then the mirrors attach to the bracket with a threaded knob that you can install without tools—just a couple twists of the comfortable star shaped knob with your hands and you're done. A quick and easy way to get on the road or trail without fussing or worrying. These mirrors feature the Rampage exclusive High Endurance Off Road Powdercoat in smooth black finish.

AMP RESEARCH BEDSTEP

GO AHEAD AND STEP ON IT. BEDSTEP® IS A REAL TIME SAVER. Not to mention knee and back saver. Strong and rugged, this non-slip, retractable bumper step quickly flips down with the nudge of a foot providing a faster, easier and safer way to load or unload your pickup's cargo. Supports up to 300 lbs. Frame-mounts under the rear bumper so it works even with an open tailgate or when towing. BEDSTEP® is made in the USA and backed by a 3-year/36,000-mile warranty.

STAMPEDE VENT VISORS

Designed and manufactured to expedite airflow through the cab while protecting you from the elements. Contoured to fit, Stampede Automotive Accessories Tape-Onz are engineered to be an exact fit for each vehicle's door style.

TUBULAR DOOR; REAR; BLACK TEXTURED ALUMINUM

When it comes to busting the backcountry, you need to see and be seen. But, take one look at those flat panels the Jeep factory passed off as doors, and it's easy to see they're great for keeping you in—not so great for looking out. And, style? Forget about it. So, remove the blinders and soup up your style with a set of Aries Jeep Tubular Doors. Crafted from T6 aluminum tubing, these tube doors for Jeeps are custom manufactured for an OEM fit.

INSIDE SOURCE

Think of your Jeep interior as an empty room in a house. It's just space until you make it yours. We offer everything from top to bottom, and side to side. Let DFW help make it yours!

WeatherTech®

Floor Mats

The WeatherTech® All-Weather Floor Mats have deeply sculpted channels designed to trap water, road salt, mud and sand. They won't curl, crack or harden in sub-zero weather. Our All-Weather Floor Mats also have anti-skid ridges to prevent shifting in your vehicle and come with a protective, non-stick finish to make cleanup quick and easy. WeatherTech® All-Weather Floor Mats meet FMVSS302 and are manufactured to ISO 9001 standards, your assurance of quality. Choose from Black, Tan or Grey to complement virtually any interior color.

Cargo Liners

In the quest for the most advanced concept in floor protection, the talented designers and engineers at MacNeil® Automotive have worked tirelessly to develop the most advanced DigitalFit® floor protection available today!

BEDRUG®

PREMIUM LINER FOR JEEP®

LOOKS & FEELS LIKE CARPET

Made of 100% polypropylene, the BedRug bed liner protects your truck and provides an ultra tough work surface. BedRug is water and stain resistant. Holds up to bleach, oil and even battery acid!

Jeep® is a registered trademark of Chrysler L.L.C.

BEDTRED

BEDTRED OUTPERFORMS SPRAY-IN/DROP-IN LINERS

Get the look of a spray in bedliner without damaging your truck bed finish. BedTred offers features superior to any spray-in liner, including dent & cargo protection, quick & easy install and a lifetime warranty. The textured anti-skid surface is UV resistant and surpasses any other liner on the market today.

RAMPAGE PRODUCTS POLYCANVAS SEAT COVERS

These economical poly canvas and NEW neoprene seat covers have a form fitted tailored look. Seat covers include front and side mount zippered mesh pockets for small items and a large rear storage pockets for larger things. Both front and rear seat covers include shoulder harness seat belt pads to provide added comfort and protect clothing. Pads attach in seconds and secure with hook and loop fabric. Front Seat Cover combos include a custom designed steering wheel cover that provides added grip, good looks and comfort too. Choose gray, tan or red.

THE ADVANTAGES OF SMITTYBILT'S G.E.A.R. LINE

G.E.A.R. is the ultimate storage solution for your off-road vehicle. Each seat cover, overhead console and tailgate cover are manufactured from 600 Denier Polyester. All products use the Molle/Pals Restraint System which securely fasten each storage pouch even under the harshest of conditions, and can even be interchanged between each other, or unfastened and taken with you. The front and rear seat covers are perfect for protecting those factory seats, and are very easy to install. Simply slide the cover into position, and then tighten the straps on the sides accordingly.

LLumar automotive window tint can enhance your vehicle's appearance, reduce heat and glare to provide a more comfortable interior, and offer valuable protection against the unexpected. Look cool and feel even cooler with custom tinted windows featuring superior-quality LLumar window film.

When it comes to selecting the proper window film for your vehicle, the market is vast. But you want more than options. You want the right option. Choose LLumar window film to provide the ultimate performance.

With five distinct levels of density and visibility, Wincos provides the greatest range of appearances from almost clear to very private. The variety was created to conform to both state laws and the driver's individual desires.

SOUND OFF!

You don't always get every option when you buy a vehicle off the lot. You might as well get what you want!. DFW offers a huge assortment of electronics for your Jeep, many from the very same manufacturer that make components for the OEM.

AUTO SECURITY
COMPUSTAR

One of the most important aspects of a product like a remote start system is the user interface (i.e. the remote control you hold in your hand.) Sure, installation quality is paramount to functionality and long term reliability. The hardware is critical as well. But as the end user the thing you use all the time, touch every day, and generally identify as "the remote start" is the controller. Compustar has introduced a revamped line of controllers for the 2012-2013 winter, or as it's known around here, remote start season. The Compustar Pro lineup has been totally overhauled by introducing three completely new controllers.

WOOFER BOXES

The only way you're really going to get full, rich-sounding bass from your car stereo is to put in a subwoofer. Adding a sub to your system will greatly improve the fun and impact of your music, no matter what kind of music you listen to. Generally speaking, there are two bass camps—those who like it “tight” and those who like it “boomy.” The style of bass you prefer ultimately depends on your personal taste—and can even vary depending on the style of music. To demonstrate this, we brought a small group of Advisors into the Labs, played different kinds of music through the same component subwoofer loaded in two different kinds of enclosures, and had them vote for which sounded best to them for each song.

Lift Kits & Suspension

And while you're at it, throw a little lift on that Jeep. If you just need a little more clearance for some bigger tires, or want to go all the way up, we can do it all, from a 1" lift and level to a 4" all the way full lift!

READYLIFT® JEEP JK WRANGLER WITH SST LIFT KIT

Increase your Off Road ability with an incredibly great ride! That is exactly what the new ReadyLIFT® Off Road Suspension Jeep JK Wrangler Max Flex System does! ReadyLIFT® has spent over a year developing what we guarantee is the best short arm Jeep JK system on the market today.

READYLIFT™
LEVELING SUSPENSION

READYLIFT™
LEVELING SUSPENSION

READYLIFT ADJUSTABLE LEVELING KIT

Let's face it, a Jeep just doesn't look right unless it has aggressive off road terrain tires to go with that great Jeep off road look. ReadyLift's new 66-6095 Jeep JK suspension products deliver several lift options. The new 3-in-1 adjustable height coil spring lift spacers allows you to select the height of front end lift that you want. Machined from 6061-T6 billet aluminum and featuring a Patent Pending unique design, you can choose adjustments from 1", 1.5" or 2" inches of lift to get the look you want.

PRO COMP LEVELING KITS

We're gonna level with you—that nose-down, rump-up look is great for stinkbugs, bloodhounds and dragsters—not so great for your off-road ride. So, lift that front end and get your trail thumper on the level like the pros do with the Pro Comp Leveling Kit.

Crafted in one of three designs, Pro Comp levels your truck with torsion keys, strut spacers or coil spacers. Each is crafted from either CNC machined steel, billet aluminum or Pro Comp's proprietary Poly Lift polyurethane formulation depending on your model and finished with a rust-resistant coating.

PRO COMP

DAYSTAR

DAYSTAR COMFORT RIDE LIFT AND LEVELING KITS

If you want just the right amount of lift without the hassle or expense of a full suspension system, the Daystar Comfort Ride Lift Kit is right for your ride. Daystar Comfort Ride Lift Kits give your suspension a serious boost to relieve the sag caused by heavy gear and to make room for those big tires—all in one economical and simple to install package. Daystar Comfort Ride Lift Systems deliver a quality lift without burning your bank account. Every Daystar Lift is engineered to work with your stock components, increasing suspension life while improving performance and ride quality. And, all Daystar Comfort Ride Lift Kits come with everything you need to raise your ride by up to 4".

LIGHT SHOW

Exterior Lighting

Go ahead show the rest of the road how bright you are!
DFW can light up your Jeep or any other vehicle. Check out the latest in LED Products!

PROMAXX LED LIGHT BAR

ProMaxx LED light bars provide superior illumination for your needs. Whether it be for your off-road vehicle, marine application or any heavy machinery equipment where increased lighting is needed, ProMaxx light bars will help improve your nighttime conditions for increased productivity.

PUTCO LUMINIX LED LIGHT BARS

Putco's High Power Luminix LED Light Bars deliver high quality, universal bright lighting that is 300% smaller than other light bars on the market. Each bar comes fully assembled and ready to mount on your truck, ATV, or to any area that you need high power LED lighting.

NEBO

NEBO REDLINE FLASHLIGHT

The ability to bring high-end technology to a compact, fully-redesigned, extremely powerful light source is finally here. The REDLINE® is our brightest flashlight to date, 220 lumens of pure white light.

RIGID INDUSTRIES JEEP JK HOOD MOUNT KIT

Our Jeep JK light bar brackets allow you to mount our 10" E-Series or SR-Series light bar to your hood without the need to drill holes or modify your hood in any way. These brackets are made from high quality, high strength stainless steel and come powder-coated black to match your trim and our light bars.

ACCESS OFF-ROAD LED LIGHTS

RECON

LED TAIL LIGHTS BY RECON®

Jeep Wrangler 2007-2014, Smoke LED Tail Lights by Recon®, 1 Pair. Improve your nighttime visibility and indicate your sense of style! This pair of LED tail lights burns brighter and lasts longer than the factory lights, increasing safety on the road and giving your vehicle a catchy rear look.

RECON

JEEP JK WRANGLER ROUND FRONT TURN SIGNAL LENSES

Recon, the premiere manufacturer of aftermarket lighting and accessories for the Truck, Jeep and SUV market is proud to announce their new Clear and Smoked LED Side Marker / Turn Signal and Front Parking / Turn Signal Lenses with Amber LEDs for Jeep Wrangler JK. Recon's Clear and Smoked Lenses replace the ugly factory Amber lenses that are installed as original equipment on JK Jeep Wranglers. Recon's Clear and Smoked LED Lights function as Amber LED parking Lights and Amber LED turn signals.

OVERSIZE LOAD

Cargo CONTROL

You bought your jeep to go places, and you got gear you're gonna need once you get there...maybe, mountain climbing, hunting, fishing equipment, luggage or even groceries.

JEOP WRANGLER TRAILER HITCHES BY CURT

Built for LIFE!

If you're just rolling with a rear-mounted CURT trailer hitch, your rig is only half-equipped to tackle the job at hand. Complete your hard-hauling makeover with a CURT Front Mount Trailer Hitch. Custom designed for a perfect fit on your front end, this burly Class III CURT hitch shoulders up to 500 lbs of tongue weight and 9,000 lbs of line pull.

CURT JEEP CARGO HITCH RACK

The Cargo Hitch Rack provides added capacity to a vehicle with limited space and is a great compliment to our Adventure and Safari Rack systems. It can be easily mounted to and removed from any 2" receiver hitch. Two sizes are available to meet your needs. These applications are also available in an 8" lift to provide extra ground clearance. Note: Its weight capacity equals the specified tongue capacity of the 2" receiver.

HARD TOP ROOF TRACK RACK

The Yakima Rack System is the foundation for all your overhead rack accessories. Hardtop Rack Kits include rails, risers, crossbars & hardware. Minor drilling is required.

THULE ROOFTOP CARGO BAG

Thule's Interstate 869 cargo bag straps to almost any roof rack, adding carrying capacity for you and your family's belongings in a convenient place, as well as saving space inside your Jeep.

KARGO MASTER CONGO CAGE

Jeep Wranglers don't necessarily come with a lot of cargo space, and if you have a removable hard top or soft top, it's difficult to get a roof rack. Well, look no further than the Congo Cage. As you see in the photo, the cage mounts over the entire vehicle, creating a base for carrying rack accessories. You can get crossbar attachments, or get a Bushman basket to mount directly to the Congo Cage.

REAR INTERIOR SPORT RACK, TEXTURED BLACK

WARRIOR SAFARI RACK

Outback Roof Racks are a universal cargo basket intended to be roof mounted and are sold in a variety of dimensions. These baskets feature 4, 6 or 8 unique mounting buckets (depending on size) which give the installer easy to use pre-drilled mounting locations on the rack itself.

TRAIL STORAGE GAS CAN

Constructed to look like a traditional 5 gallon fuel can the Rampage Storage Can is made of heavy 14 gauge Steel Powdercoated for Extra Durability.

*Jeep® is a registered trademark of Chrysler L.L.C.

www.DFWCamper.com

OVER YOUR HEAD

Sometimes, a hard top is just too much, or your soft top is just plumb wore out! We offer replacement soft tops, as well as bikinis, dusters and enclosures.

RAMPAGE FRAMELESS SOFT TOP

The Rampage Frameless Trail Top installs over the original equipment factory roll bar for a snug fit without the need for additional bows or support hardware. This unique design allows for larger side windows and improved visibility with removable side and rear windows that quickly convert the soft top into an open Safari top. Windows use heavy duty molded tooth zippers and are easily replaced or removed and stored in a special separation panel between the ceiling and roof top which is concealed and protects the windows from scratches or puncture. The fastback style offers improved aerodynamics and a quieter ride than factory bow style tops.

RAMPAGE FACTORY REPLACEMENT TOP

Replace aging, worn out factory soft-top and gain some additional storage space inside the driving compartment. All the features of the original factory top with exclusive rampage additions - two zippered storage pockets. Produced in original factory specification sand colors, the Rampage replacement top easily installs over factory framework, and attaches to factory mounting points and OE belt rail attachment stem. Fits all factory applications and includes top fabric, clear or tinted windows and where applicable, includes zipper door skins that slip over the OE upper doorframes.

PAVEMENT ENDS JEEP SOFT TOPS

Pavement Ends Soft Tops for Jeeps are made from durable cloth and material that are built to withstand sun, rain and snow. One of Pavement Ends top items is their emergency tops, which are easy to put up when you need it in rain or any other harsh weather you need protection from. Pavement Ends emergency tops are easy to store and maintain, while incorporating features such as two rain ponchos. Another top product from Pavement Ends is their Flip-Back Soft Top. The flip-back soft top is unique to itself because it allows you to cover the rear of your jeep while flipping up the roof above the driver and passenger, letting the warm sun in. This top from Pavement Ends is great if you have small kids and want to keep them out of the harsh sun.

RAMPAGE JEEP WRANGLER COMPLETE SOFT TOP

The Rampage complete soft top is the most economical way to replace an aging factory soft top and hardware or convert your hard top Jeep in to a soft top. Each kit was designed specifically for your Jeep, offering the same quality and craftsmanship as your original factory soft top. The complete tops are made from fade-resistant, marine-grade, wick-stop thread that repels moisture and helps resist color-fading, to give your soft top a long life without fading and tearing. All windows have self-correcting zippers, that run smoother and last longer. Built-in zipper storage pockets located in each top front corner provide additional storage.

WADE AUTOMOTIVE COMPLETE SKYTOP

Wade has done it again, an acrylic skytop for your Wrangler JK. This is a 2 piece unit for the 4 door and a single unit for your 2 door. Using our state-of-the-art technology we created, designed, tested and built tooling for this hot new vehicle. You will love being in your jeep in the heat of the day, feeling like you are topless, without the sunburn. Or when you are running down the road and a sudden storm comes up and you are not getting wet. This also helps keep you, but especially your back passengers from getting wind blown as you roll down the highway. It attaches using specially designed velcro straps for quick easy on-off.

MIX AND MATCH COMBO OPTIONS

Create your own look with briefs, windbreakers, tonneaus, rollbar covers and tire covers! California BRIEF Top provides cover from the elements. Two great styles available, Mesh and Jeep matched top material. Durable quick release buckles for easy on, easy off installation. Stop the heat of the sun while keeping the cool breeze flowing with Summer Brief. Windshield channel required for all applications

FRONT COMBO

FULL COMBO

REAR COMBO

BESTOP® - SUPERTOP™ NX COMPLETE REPLACEMENT SOFT TOP

Supertop® NX is Bestop's factory style soft top comes with factory-style door surrounds, factory-style windshield channel, and tinted windows. Plus, it includes a Top Arch to support the fabric, quick release bow knuckles for tool-less top removal, and a new adjustable plate to maintain top tautness

WILD BOAR HARD TOP

What camping enthusiast hasn't had to struggle with pitching a tent at one time or another? Add to that irksome task the threat of an impending storm, or just darkness falling, and you have a recipe for taking the fun out of almost any outdoor excursion. The folks at Wild Boar have been there, done that. After years of hassling with a pop-up tent, scissor jacks and pull-out beds on various outings, they had an epiphany, and now offer the Boar's Den. The concept wasn't quite as startling as the discovery of the light bulb or penicillin, but it did solve a problem.

MESH STYLE EXTENDED TOP

Look to Smittybilt to come up with creative innovations. This time it's the Smittybilt Mesh Style Extended Top! This new top was created for the Jeep Wrangler TJ and JK and is designed to reduce the heat and glare of the summer sun with a SPF of 60, while letting in cool breezes.

GET A LITTLE MUD ON THE TIRES

It's not just enough to look tough and rugged...what if you get stuck? You gotta be able to get out on your own. DFW offers a huge assortment of products to do just that...get you or better yet, your buddy, out of the hole...Don't see what your're looking for? We can order almost anything and have it for you usually next day from one of our distributors.

YOUR LAST, BEST HOPE WHEN YOU NEED A ROPE

There are a lot of features we like with the Warn winches, but it doesn't take long to discover one of their best features long before you leave the shop. They fit well! We really like how there is no cutting, drilling, welding or bending required for installation, and that's definitely not the case with some other models of winches. Warn designed their winches and mounting kits to bolt directly on your vehicles chassis. That makes installation a LOT easier, but also insures the force from pulling is distributed across the chassis and not concentrated at a couple points, possibly damaging it. Warn also fully tested their kits to insure the winch is capable of everything they say it is; because when you need a winch, it's the wrong time to discover the product you're counting on can't get the job done. Say hello to your new best friends!

RAMPAGE JEEP JK HIGH LIFT JACK MOUNTING KIT

Firefighter-designed, the First Responder Jack is constructed of steel, cast iron, and high-strength aluminum, and available in 36", 48" and 60" sizes. It offers up to 4660 lb. of leveraging, lifting and winching options. No other rescue tool is as easy to use, dependable, visible and versatile giving it unlimited potential at a fraction of the cost of other expensive rescue tools.

GRIPTRACK MOLDED PLASTIC VEHICLE TRACTION PLATES

Rampage Grip Track Triple Panel Folding Traction Panels With Directional Raised Hexagon Grippers For Superior Traction Assistance In Snow, Mud Or Sand. Includes One Pair In A Nylon Storage Bag

WESTIN MAX WINCH TRAY WESTIN

Max tray on a Jeep, shown with optional light bar. Your factory bumper is retained with the MAX Mount System.

TORXX TRUCK WINCH KIT, 8,000LBS WITH WIRE FAIRLEAD

Designed by enthusiasts for enthusiasts. Torxx offers a great line of truck winches with a broad assortment of accessories designed for the off-road and racing enthusiast. Kit includes winch, roller fairlead, battery lead cables, 100' wire rope and remote control. Heavy duty steel housing and frame components for maximum strength, durability and reliability. Premium series wound 5.2hp (3.8kw) motor for maximum performance powers loads in and out. It comes with an automatic load holding brake and it has a freespooling clutch for quick deployment.

SUPERWINCH TALON 9.5I SR WINCH WITH SYNTHETIC ROPE

This is the industry's best truly sealed vehicle recovery winch assembly. All seals on the entire winch meet the IP67 standard, from the outermost end of the high performance motor and groundbreaking solenoid to the 2-stage planetary and 2-stage spur gearbox. The sealed 5.2 and 6.0 HP motors deliver a quick but safe 62 FPM line speed at a low 75 amp draw. Heat sink-styled motor cap maintains low temperatures under the heaviest loads. The solenoid will keep out water, mud, snow and dust and has a patented venting feature that allows the contacts to resist water and release contact damaging internal condensation. The VS4 Solenoid (Vented, Submersible and Stabilized with Sealed Socket) is simply the best winch solenoid in the world, and it's located inside this modern-styled rugged enclosure.

JEEP THINGS...

The following is a collection of cool little extras for your Jeep and many other vehicles. These make great gifts for yourself, friends or family. Go ahead! Treat your Jeep!

RAMPAGE GRAB HANDLES

Firm and perfectly placed Grab handles are the greatest way to assist in climbing into a Wrangler JK, and also to help hold on when open air driving. With the versatility of Rampage's Grab Handles you get the choice of three different points to grab hold of. Choose from the back of the head rest post, corners of your windshield frame or mount them overhead your sound bar using convenient existing fasteners! The Rampage Grab Handles come with a Rigid Grip and install quickly and easily with no drilling required.

TRAIL STORAGE GAS CAN

Constructed to look like a traditional 5 gallon fuel can the Rampage Storage Can is made of heavy 14 gauge Steel Powdercoated for Extra Durability.

RAMPAGE BLACK POWDERCOAT DOOR HINGES

Dress-up your Wrangler with some replacement door hinges from Rampage. These black powdercoat hinges are a direct factory replacement which provides easy bolt-on installation without drilling.

PUTCO JEEP WRANGLER CHROME DOOR HANDLE COVERS

Putco Chrome Door Handle Covers install easily on your Jeep Wrangler and provide an attractive, chrome-plated accent. Chrome looks great on any Jeep and adding this 3-pc, 4-pc or 5-pc set will provide a great upgrade to your stock door handles. Constructed from ABS composite for long life, each piece is coated in a brilliant chrome-plated finish.

PUTCO JEEP UNIVERSAL STAINLESS STEEL DOOR SILLS

If you believe that detailing your Jeep is what makes the difference, choose Putco Stainless Steel Door Sill Plates for a quick and easy way to sharpen up the looks of your ride. Made of 18-gauge mirror-finished NeveRust stainless steel, these sill plates are a must to keep your factory door sills from getting scratched or scuffed.

PUTCO CHROME MIRROR COVERS

Dramatically enhance the look of your mirrors and perfectly match the rest of your vehicle's trim! Putco Chrome Mirror Covers do both with ease, offering a smooth and brilliant shine to the back of otherwise dull side views.

RAMPAGE & PUTCO LOCKING, BILLET STYLE FUEL TANK DOOR

Get some rugged style for your Jeep with this black-finished, rustproof aluminum accent. Locking fuel door and bezel install easily using the included self-tapping screws.

PUTCO CHROME TAIL LIGHT COVERS

Perk-up the looks of your vehicle. Putco Chrome Tail Light Covers pop-on in minutes, adding eye-popping shine to the back of your ride. Made from automotive-grade ABS chrome, Putco Tail Light Covers are custom-molded to hug the contours of your specific tail lights.

CHROME TAILGATE HINGE COVERS

Complete the transformation of your JK Wrangler with these Tailgate hinge covers. Easy to install using 3M™ Tape and install in minutes. The perfect finishing touch. Made of durable ABS Chrome, these hinge covers will look good for years to come.

RAMPAGE LOCKING HOOD CATCH SET IN BLACK

Rampage Products Hood Lock Latches are made from die cast e-coated 304 stainless steel featuring a black powder coat finish. Engineered to reduce hood flutter at highway speeds. Operates as a hood catch with or without use of lock. No drilling necessary and installs in minutes using existing factory mounting holes.

DOOR CATCH/RETAINER KIT FOR JEEP

Door limiting straps are great for keeping your Jeep's doors from opening up so far that they hit your hood or fenders. They can't keep your doors from swinging shut, though. If you are on an incline but need better visibility, you can keep your doors open with these for as long as you need to see through them. They also keep your doors from opening past 45 degrees, which makes these perfect for pulling into carports, garages or parking lots. No more worrying about denting your doors or anything you may inadvertently hit with them. To close your doors, just pull a little harder than you normally would, and they will pop closed again. The mechanism uses spring steel to hold the doors open and to allow them to close again.

RAMPAGE TAILGATE GAS STRUT STABILIZER WITH DAMPENER HEAVY DUTY

Under normal conditions and while sitting level, the gas strut has sufficient pressure to assist in opening the rear gate and then hold the gate in an open position

BESTOP ROUGHRIDER SOFT STORAGE TAILGATE ORGANIZER

Your tailgate does a great job of keeping your cargo and passengers inside your Jeep. And now, it can moonlight as a safe storage facility with the Bestop RoughRider Soft Storage Tailgate Organizer. Hanging from a mounting rail at the top of your tailgate, the Bestop tailgate organizer delivers two mammoth pockets of serious storage capacity.

SMITTYBILT CLINOMETER WITH COMPASS

A Clinometer is a must-have for all you articulating off-roaders who like to push your Jeeps to the limit. The meter separately shows if your Jeep is in the danger zone of pitching or rolling. The meter on the left shows the degree of pitching and the meter on the right shows the degree of rolling. A Compass situated in between the meters is a great addition for those of us who don't know which direction we are headed on those trails that meander through the mountains. Installation is easy with the double-sided tape provided. The Clinometer does not light up.

RAMPAGE WI-FI CAMERA

Rampage Products Portable Wi-Fi Backup Camera has a patent-pending adjustable magnetic mount that allows you to stick the camera to anything metal. The camera works with iOS and Android devices and creates its own hotspot.

RAMPAGE MULTI PURPOSE LED LIGHT

- Two lighting options - flood light and longer distance beam pattern
- Swivel hook adjusts to any angle
- Super strong magnet attaches to most metal surfaces
- Sure grip rubber finish

END GAME

One of the fastest and best ways to change the appearance of your Jeep is to change our front and rear bumpers. The truth is there are many manufacturers of these

products. The following are some of our favorites. Keep in mind we can order almost any other line from our many distributors.

STANDARD FEATURES:

No drill installation – attaches to factory bumper mounts Custom welded shackle mounts with clevis 1-inch

REAR BUMPER

MASS ARTICULATION STUBBY FRONT RECOVERY BUMPER W/ STINGER

Rampage Products Heavy Duty Jeep Wrangler JK Front Winch Bumper has been engineered for on road use and rock crawling abuse and now with a shorter stubby version for massive articulation. Ground level dual light mounts maximize light distribution using oem driving lights or Rampage Products Driving or Fog Light kits. This saves space and the mounts are recessed for light protection.

RAMPAGE SEMI-GLOSS BLACK FRONT RECOVERY BUMPER

- Designed with tapered ends for enhanced tire travel and extreme approach and departure angles.
- Accepts most winches-mounting plate not included.
- Protective dual stage, durable, powder coat finish - 3/16 inch steel plate design. 2 inch x .120 inch wall tubing center (stinger) and 1.5 inch x .120 side protectors.
- Ground level 4 inch round light receptacles maximize light distribution, save space and are recessed for light protection. LIGHTS ARE NOT INCLUDED.

ARIES WRANGLER MODULAR BUMPER ALUMINUM AND STEEL

Jeep Wrangler 2007-2014, Black Front Replacement Bumper (15600) by Aries®. The six piece build of these replacement bumpers allow for personal configurations. Use the cutouts you want and add the accessories you want. The bumpers feature stubble cutouts for original bumper lights, cutouts and mounting points for lighting accessories and an integrated winch housing.

ARIES JK TUBE FRONT AND REAR BUMPER

Replace your factory bumper with this stylish, tubular bumper. Double-tube design provides protection for your Jeep TJ. Receiver lets you mount a bike rack or cargo carrier. Dual powder coat finish over zinc coating offers maximum rust resistance.

- Black powder coated steel is durable and rust resistant.
- Welded, 1-piece construction for added strength
- Simple installation - drilling may be required

ARIES PRO SERIES GRILL GUARDS

This Aries Automotive Pro-Series Grill Guard has a unique design which allows it to hold a majority of today's LED bars from within. It has an original system that allows you to hold anywhere from 6" to 20" LED Light Bars, and all at the precise and needed angles. Also, it acts as a deterrent as it encloses the LED within a 12 gauge steel structure, yet provides a hi-gloss mesh front for the LED light to shine through.

T-REX BILLET AND MESH GRILLES

T-REX grilles are the wave of the future. They combine stylish looks with functionality giving that distinctive sporty look to your Jeep Wrangler. Built with an emphasis on quality, fit and style, T-REX billet grilles must meet strict quality control standards. Constructed of 6063-T6 aluminum, T-REX billet grilles are carefully assembled using TIG welders to ensure clean and splatter free welds. Every T-REX billet grille has been physically installed and fitted in the shell and to the vehicle a minimum of three times. This gives T-REX the confidence that no matter who is doing the installing, the customer will be completely satisfied. By the way, all T-REX billet grilles are made in the U.S.A.

Impressive top-quality stainless steel mesh guarantee the perfect look of your vehicle's front. Hand-assembled in the USA. Just like a smile makes any face look more beautiful.

Black Insert

Polished Insert

RAMPAGE BLACK & POLISHED GRILLE INSERTS

Single piece formed grille specifically designed for Jeep factory grille shell. Heavy-duty steel construction with protective powder coat or clear coat finishes. Two attractive finishes – gloss black powder coat or dual color black powder coat with polished, clear coat highlights. Attaches to underside of grille for secure installation and factory OE look.
